ACT No. III OF 1861.

A Bill to provide for the collection of Duty of Customs on Pepper exported by Sea from the British Port of Cochin.

WHEREAS serious affrays have occurred in attempts to smuggle Pepper, the produce of the States of Travancore and Cochin, in consequence of the monopoly which the Governments of those States maintain in that article; and whereas the Rajahs of those States are willing to abandon the said monopoly and to substitute a system of Export Duty; and whereas it is necessary, in order to an effectual establishment of such system, that the same rate of Duty as is collected on the export of Pepper from Travancore and Cochin should be collected on behalf of the said States at the British Port of Cochin; It is enacted as follows :—

THE 2ND FEBRUARY 1861.

The following Bill was read a second time in the Legislative Council of India on the 2nd February 1861, and was referred to a Select Committee who are to report thereon after the 6th of May next:—

A Bill to regulate the occupation of land in the Settlement of Malacca.

WHEREAS it is expedient to declare the right which accrued to the Honorable the East India Company in certain land situated within the District and Settlement of Malacca upon the relinquishment of the same in favor of the said Company in the years 1828 and 1829, and otherwise to amend the law relating to the occupation of land situated within the Settlement of Malacca: It is enacted as follows:—

I. The lands comprised within the grants and estates situated within the district of Malacca that were surrendered by the grantees or proprietors thereof in the year 1828 or 1829 to the said East India Company, in consideration of the annual payment in perpetuity to each grantee or proprietor of such a sum of money as was in each case agreed upon, shall be held to have been transferred in absolute property to the Governor in Council of the Straits Settlements on behalf of the Honorable the East India Company, and to be now absolutely vested free of any interest or right whatsoever in Her Majesty the Queen, Her Heirs, and Successors, saving always any rights or interests lawfully vested in any under-tenants and cultivators holding or occupying any portion of the lands of the grants or estates aforesaid.

II. The sums of money agreed to be annually paid as aforesaid to the grantees or proprietors of such surrendered grants and estates shall be paid as a perpetual annuity to the said persons, or their heirs or representatives, by Her Majesty, Her Heirs, and Successors; and it shall be lawful for the Governor of the Settlement of Prince of Wales' Island, Singapore, and Malacca, with the sanction of the Governor-General of India in Council, to commute the perpetual annuity payable to each annuitant for such sum and on such terms as may with each annuitant be agreed upon, in full discharge of the perpetual annuity so commuted and of all rights or obligations whatsoever connected therewith.

III. All cultivators and resident tenants of the Settlement of Malacca who hold their lands by prescription whether such lands be situated within the grants and estates aforesaid or within the District of Naning, are hereby declared to be and shall be subject to a payment of one-tenth part of the produce thereof to Government; such payment to be made in kind or in the form of a sum of money fixed in commutation of the payment in kind;

and all other cultivators and under-tenants who now occupy or hold or shall occupy or hold land situated within the grants, estates, and district aforesaid, are hereby declared to have been and shall be liable, as directed in Section II Act XVI of 1839, to be assessed in such manner, at such rate, and under such conditions as the Resident Councillor of Malacca, with the authority of the Governor of the Settlement of Prince of Wales' Island, Singapore, and Malacca, may determine.

Proviso. Nothing in this Section shall be taken to affect any engagement entered into for a specific time or upon specific conditions between any cultivator or tenant and the Resident Councillor or other person acting on behalf of the local Government during the pendency thereof.

IV. It shall be lawful for the Governor of the Settlement of Prince of Wales' Island, Singapore, and Malacca, instead of levying as provided in the last preceding Section an annual payment either in kind or in money, to direct the Resident Councillor of Malacca to commute the annual payment for which the tenant, cultivator, or other occupier of land as aforesaid is liable, for a sum to be fixed at the discretion of the Governor, and on the payment of the sum so fixed, to vest the tenant, cultivator, or other occupier in absolute possession of the land held or occupied by him free of any liability for rent due to the local Government under the provisions of the foregoing Section.

V. It shall be lawful for the Governor aforesaid, any provision in Section V Act XVI of 1839 to the contrary notwithstanding, to direct any lease granted or to be granted under that Section to be granted in perpetuity or for such term as to such Governor may seem proper, and to transfer to, and vest absolutely in, any person or persons any portion of the waste or forest land situated within the estates aforesaid or within the District of Naning on the payment of a sum fixed as provided in the last foregoing Section free of any liability for the payment of annual rent.

VI. It shall not be competent to any party to claim, on the ground of prescriptive right or of possession, any forest, waste, or other uncultivated land situated within the grants or estates aforesaid or within the District of Naning, unless the same, having been before cultivated, shall have fallen out of cultivation within three years from the passing of this Act; provided that any tenant, cultivator, or other occupier of cultivated land within the aforesaid estates or District shall be permitted to engage for unoccupied, forest, waste, or other uncultivated land situated within or next adjoining the boundaries of the cultivated land held or occupied by him to the extent of one-fourth thereof; and any order made in this matter by any person empowered in that behalf by the Governor of the Settlement of Prince of Wales' Island, Singapore, and Malacca shall be final, subject only to revision by such Governor in any case in which he may think revision called for.

VII. It shall be lawful for the Governor aforesaid to cause a survey or measurement to be made of all the land of the Settlement of Malacca including the said District of Naning or any portion thereof, at such time and by one or more persons as he may direct; and any person so empowered by the Governor of the Settlement of Prince of Wales' Island, Singapore, and Malacca may require by a summons under his hand any person resident within that Settlement to attend before him, and if necessary to produce any document relating to the right to any land or interest in land situated within the said Settlement; and the person empowered as aforesaid may examine upon oath or solemn affirmation having the force of an oath, any person so summoned touching the right to any such land or interest in such land.

VIII. Any person so empowered as aforesaid may demarcate by such marks as he may think fit the boundaries of any land held or occupied by any tenant, cultivator, or other occupier; and if, in the course of survey or measurement or in the course of making any settlement, transfer, or assignment, any dispute shall arise as to the right of possession of any land between two or more persons claiming to possess the same as tenants, cultivators, or occupiers, or between one or more such persons and any grantee or proprietor of any grant or estate of the District of Malacca in the said Settlement not surrendered in the manner recited in Section I of this Act, or any person holding under such grantee or proprietor, any person empowered as aforesaid shall after enquiry make an order in favor of the party who may appear to have the best title and shall put in possession the party in whose favor an award is so made.

IX. Any award made under the last foregoing Section shall be final, unless within from the date of the award any of the parties thereto shall move the Court of Judicature of Malacca to set it aside, and unless the Court, on the ground that the award aforesaid deprives the party moving of a legal right to land or to some interest therein, shall set aside or modify the award accordingly.

X. Sections VII, VIII, IX, X, XIV, and XV of Act X of 1837 shall, so far as applicable, be read as part of this Act.

XI. The Governor of the Settlement of Prince of Wales' Island, Singapore, and Malacca, in the exercise of any authority vested in him by this Act, shall be guided by such instructions as he shall from time to time receive from the Governor-General of India in Council.

M. WYLIE,
Clerk of the Council.

abstract of the evidence of the witnesses in each case, prescribed by Circular Order No. 7, dated the 27th June 1859, from the Vernacular Record of the case, instead of doing so from their own notes.

Sessions Judges, in accordance with the Court's Circular No. 8, dated the 3rd September 1860, that many of the Magisterial Authorities in the interior are in the habit of preparing the Narrative and Ab-

2. The object which the Court had in view, when they issued their Circular No. 7, was that Magisterial Officers should discontinue the pernicious practice of recording the evidence of witnesses by means of Mohurirs, while they themselves were otherwise engaged, and should instead examine each witness *vidé voce*, giving their whole attention to him and nothing else, and take down notes of his evidence in their own language, while the Mohurir recorded it at length in the Vernacular, and that they should eventually prepare their Abstract and Narrative alluded to above, without ever having occasion, or very rarely, to refer to the Vernacular Record at all.

3. The preparation of an abstract of the witnesses' evidence from the record, after the case has been closed, is mere waste of time, and the Court therefore direct that all Magisterial Officers shall for the future take down notes of the evidence from the mouth of every witness they examine, *at the time he delivers it*, the Mohurir writing it at length in the Vernacular at the same time; and that the practice of allowing Mohurirs to write down the evidence of witnesses, while the Presiding Officer is occupied with other business, be henceforth strictly prohibited, and that the original notes of the witnesses' evidence, (or copies of them if they are not tolerably legible), be filed with the record, instead of a fresh abstract being made to accompany the Narrative, as required by the Circular Order alluded to above.

4. The carrying out of these rules will enable the Magisterial Authorities to curtail their proceedings considerably, by rejecting at once all worthless and irrelevant evidence, now so frequently recorded at length by the Mohurirs, and by confining the examination of the witnesses to the point at issue, and by stripping their depositions of all verbiage, whilst the increased value of the evidence so taken, the complete insight they will by this course obtain of their cases, and the readiness and facility with which they will consequently be able to decide them, will more than compensate the Magisterial Authorities for any additional trouble that may be imposed upon them, by giving full effect to the Court's orders.

Notification No. 10.

TO TREASURY OFFICERS IN ACCOUNT WITH THE
GOVERNMENT OF INDIA.

Adjustment of Outstanding Balances.

REFERRING to the new form of Treasury Account which it is proposed to introduce in connection with the Budget system, it becomes very necessary to reduce the balances now standing under the head of Miscellaneous Advances in the several Treasury Accounts to the lowest possible figure, and for this purpose it is essential that the most active measures should be immediately adopted.

Treasury Officers are requested therefore, on receipt of this Circular, *personally* to examine their Miscellaneous Advance Registers in detail,

to ascertain the causes of any existing delay, and the amounts which may be at once adjusted on the proper vouchers, applying to all Officers concerned for the immediate return of such as have been submitted for sanction or audit; and to note against each item in the column of remarks, in the next Statement submitted to this Office, the steps which have been taken to ensure early adjustment.

Treasury Officers are at the same time reminded that, while nothing tends so much to the simplification of accounts, the relief of their Establishments, and their own credit, as the satisfactory condition of their Miscellaneous Advances, they are also themselves personally responsible for unadjusted or unaudited expenditure, as well as for needless delay in adjusting payments made by their predecessors, and this responsibility will, under the new system, be rigidly enforced.

I may add that every assistance will be readily afforded by the Head Offices of Audit and Account in expediting the measures herein prescribed, and that, as a general rule, no items should remain unadjusted for a longer period than two or three months.

No. 11.

Discount on Postage Stamps.

It is requested that the proceeds of Postage Stamps sold at a discount of half anna and one anna may in future be separately exhibited in the Treasury Accounts as follows:—

To Post Office Remittances.

upwards, sold to the public at half
anna discount ... 0 0 0

Sale proceeds of Postage Stamps

ment required to vend Stamps at one
anna discount ... 0 0 0

Sale proceeds of Postage Stamps
of less than five Rupees in value, sold
without discount ... 0 0 0 0 0 0

The payments of discount at the two rates specified should likewise be distinctly debited per contra, to admit of the credit entries being properly checked.

Circular No. 1074.

TO THE COMMISSIONERS OF CIRCUIT.

SIR,—I HAVE the honor to request you will be good enough to direct an immediate revision of the Deposit Accounts of the Magistrates of your Divisions, with the view of all such balances being transferred to the credit of Government under "Profit and Loss" as may appear to you, on report, properly transferable.

2. A large number of the items now in balance consist of either fines, savings, refunds or salaries of individual Officers of Establishment. Fines should be credited as fines, and not held in deposit; and so should savings, refunds, and the like. And as regards unpaid salaries of Establishments, I may remark that it was never intended that the public accounts should be burdened with the lengthened retention of such monies.

3. The rule in the Revenue Department, under which Deposits are usually transferred after the lapse of twenty years, has special reference, it should be borne in mind, to items which are strictly private monies paid in at the Collectorate as Deposits in connection with transactions with the Collector, and not to monies originally charged to the State, but from circumstances unforeseen at the time the charges were made, or of other necessity falling temporarily into the Deposit Accounts.

4. If therefore sums charged to Government as for payment are not paid when debited in account, or within a reasonable time after being carried to Deposits, the expenditure should be resumed, unless specially exempted.

5. I shall feel obliged by your informing me of the execution of this duty as the revision is completed in each District, and it would also be advisable, it seems to me, that their Deposit Accounts should be revised by the Magistrates annually in April of each year.

No. 120 of 1861.—The usual Annual Examination is to be held, as soon as practicable after the receipt of the Order, in each of the Stations of the Bengal Presidency to which Deputy Inspector-General of Hospitals are attached, for the purpose of filling up vacancies in the Military Class of the Medical College. The College Session commences on the 15th June.

2. All Candidates will be required to possess a knowledge of the Hindoostanie language, sufficient to enable them to read and write common letters and petitions, and Hospital Registers of Sick, in the Devanagri or Persian character, and to converse with a Sepoy in the Hindoostanie language.

3. Although a knowledge of English will not be insisted on in all cases, a preference in selection is to be given to those Candidates who possess a competent knowledge of English, in addition to Hindoostanie.

4. The preference in selection, attainments being equal, will also be given to those who have already been attached to or served in Civil or Regimental Hospitals. Beyond this, preference will not be given to men of any particular class; but respectable young men, especially those educated in the Schools of Behar, the North-Western Provinces and the Punjab, are encouraged to offer themselves, bringing certificates of character and acquirements from the Inspectors or Head Masters of the Schools.

5. Those holding such recommendations from the School Authorities, and certificates of physical fitness from the nearest Medical Officers, will not be required to appear before the Committees. As however the number who can be admitted to the College from each Division is very limited, it is

necessary that the School Authorities should send the papers of all Candidates, as soon as possible after the promulgation of this Order, to the Superintending Surgeon of the Division who, the recommendations being equal, will select, in preference, those whose nominations are earliest received.

6. The Examination is equally open to the sons of Soldiers, and of persons engaged in Civil occupations.

7. The Candidates must be between the ages of fifteen and twenty years.

8. No Candidate will be allowed to present himself for examination who is physically unfit for the duties of a Soldier, and who cannot produce a written testimonial of his conduct and character. The strictest care and attention are to be exercised in examining the credentials of all Candidates who will, in addition, be required to bring regular Descriptive Rolls, in order that they may be identified.

9. The Superintending Surgeon is to prepare a General Roll (in the Form hereafter given) of all Candidates to be laid before the Committee, the Qualification Columns being left blank for the Committee to fill up.

10. Committees for the examination of Candidates will be convened by the Officer Commanding the Station, upon the requisition of the Superintending Surgeon, and will consist of two Medical Officers and an Interpreter.

11. These examinations will, in future, be final as regards the admission of the Candidates into the Medical College, no subsequent examination in the College of Fort William being required.

12. Each passed Candidate is to be furnished by the Superintending Surgeon with a Descriptive Roll in the subjoined Form, which he is to present to the Principal of the College, and which will be his warrant for admission as a Student :—

Descriptive Roll of a Candidate for Examination for a Studentship in the Military Class of the Medical College.

20. Upon their admission they are to enter into an engagement to serve the Government as Native Doctors, as vacancies may occur, for a period of not less than seven years from the time of their leaving the Medical College in that capacity, unless prevented serving that period by physical inability proved before a Medical Committee and certified accordingly. After a service of seven years, they may demand their discharge in time of peace.

21. In the event of their continuing to serve, their allowances will, after seven years, and upon undergoing a successful examination, be advanced to Rupees 25 in Garrison or at a Civil Station, and Rupees 30 in the Field.

A Bill for the Regulation of Police within any parts of the British Territories in India to which it may please the Governor General in Council to extend its provisions—Read a second time in the Legislative Council on the 6th October 1860.

Letter No. 764, dated 19th November 1860, from the Secretary to Government, Punjab, to the Secretary to the Government of India, Home Department, with the Governor General, and its enclosures.

Letter No. 839, dated 14th December 1860, from the same to the same.

RESOLUTION.—The amalgamation of the Civil with the Military Police having been completed in the Lahore Division, and in two Districts of the Umrutsur Division, the Hon'ble the Lieutenant-Governor desires to introduce a similar system into all other Divisions, that of the Dehrajat only excepted.

2. The arrangements in the Lahore Division have been governed by the principles laid down in the Bill for the Regulation of Police now before the Legislative Council, with such modifications in detail as the circumstances of the Punjab Provinces render necessary. The reformed system has been in operation under most careful supervision for some months, and the experience obtained will much facilitate its introduction into other Divisions.

3. Subject to the sanction of the Supreme Government, the following Grades of Officers will be constituted for the superintendence of the organized Constabulary:—

1 Inspector-General of Police.

4 Deputy Inspectors-General.

1 District Superintendent for each District.

1 Assistant District Superintendent for each District.

4. The Judicial Commissioner, under whose direction the Department of Civil Police has hitherto remained, will make over charge to the Officer appointed Inspector-General.

5. The Inspector-General will become the Head of the Police Department, and correspond with the Civil Secretary to Government, with the Commissioners of Divisions, and the Deputy Inspectors-General. He will be responsible for the speedy introduction of the new system, and for the efficiency and good conduct of the whole Force.

6. During the transition from the old to the new system, he will be guided by the advice and great experience of the late Head of the Department, Mr. A. A. Roberts, C. B., on whose sound judgment and cordial co-operation His Honor can confidently depend.

7. The Commissioners of Divisions will give effect to the measures determined on by the Inspector-General, in consultation with the Judicial Commissioner, for the immediate introduction of the new system, and His Honor anticipates much advantage from the careful supervision which their experience will enable them to give to all its details.

8. The Officers who will be appointed Deputy Inspectors-General having personally examined the working of the Constabulary in the Lahore Division, will be able to afford the Commissioners and Deputy Commissioners much information.

9. The Commissioners will impress upon the District Officers the duty which devolves upon them of assisting the District Superintendents of Constabulary with their counsel and suggestions. Without the most friendly co-operation the Superintendents will at first be able to effect but little. His Honor also expects that the Superintendents will freely avail themselves of, and conform to, the suggestions made for their guidance by the Deputy Commissioners.

10. The Lieutenant-Governor trusts that the organization of the new Force will be completed in all the Divisions concerned by the end of March next.

11. Officers of both Departments will bear in mind that the re-organization of the Police, on the principles declared in the Draft Act of the Legislative Council, is a measure which has the full concurrence of the Supreme Government. The Lieutenant-Governor relies on the intelligent and energetic co-operation of his Subordinates of every Grade in forming, by the fusion of the separate bodies of Police which have hitherto existed in these Provinces, an efficient, disciplined, and inexpensive Constabulary.

12. A few detailed rules for guidance are under preparation, and will be circulated hereafter.

ORDERED.—That a copy of the above Resolution be published in the *Punjab Gazette*, and copies sent to the Supreme Government, the Judicial

Commissioner, the Inspector-General, all Commissioners of Divisions, and the Accountant.

By Order of the Hon'ble the Lieutenant-Governor,

R. H. DAVIES,
Secretary to Govt., Punjab.

Notification No. 10.

TO TREASURY OFFICERS IN ACCOUNT WITH THE
GOVERNMENT OF INDIA.

Adjustment of Outstanding Balances.

REFERRING to the new form of Treasury Account which it is proposed to introduce in connection with the Budget system, it becomes very necessary to reduce the balances now standing under the head of Miscellaneous Advances in the several Treasury Accounts to the lowest possible figure, and for this purpose it is essential that the most active measures should be immediately adopted.

Treasury Officers are requested therefore, on receipt of this Circular, *personally* to examine their Miscellaneous Advance Registers in detail,

to ascertain the causes of any existing delay, and the amounts which may be at once adjusted on the proper vouchers, applying to all Officers concerned for the immediate return of such as have been submitted for sanction or audit; and to note against each item in the column of remarks, in the next Statement submitted to this Office, the steps which have been taken to ensure early adjustment.

Treasury Officers are at the same time reminded that, while nothing tends so much to the simplification of accounts, the relief of their Establishments, and their own credit, as the satisfactory condition of their Miscellaneous Advances, they are also themselves personally responsible for unadjusted or unaudited expenditure, as well as for needless delay in adjusting payments made by their predecessors, and this responsibility will, under the new system, be rigidly enforced.

I may add that every assistance will be readily afforded by the Head Offices of Audit and Account in expediting the measures herein prescribed, and that, as a general rule, no items should remain unadjusted for a longer period than two or three months.

No. 11.

Discount on Postage Stamps.

It is requested that the proceeds of Postage Stamps sold at a discount of half anna and one anna may in future be separately exhibited in the Treasury Accounts as follows:—

ment required to vend Stamps at one
anna discount ... 0 0 0

Sale proceeds of Postage Stamps

The payments of discount at the two rates specified should likewise be distinctly debited per contra, to admit of the credit entries being properly checked.

FORT WILLIAM;
ACCOUNTANT GENERAL'S OFFICE,
DURBAR AND REVENUE DEPARTMENT,
The 5th February 1861. }

SIR,—I HAVE the honor to request you will be good enough to direct an immediate revision of the Deposit Accounts of the Magistrates of your Divisions, with the view of all such balances being transferred to the credit of Government under "Profit and Loss" as may appear to you, on report, properly transferable.

2. A large number of the items now in balance consist of either fines, savings, refunds or salaries of individual Officers of Establishment. Fines should be credited as fines, and not held in deposit; and so should savings, refunds, and the like. And as regards unpaid salaries of Establishments, I may remark that it was never intended that the public accounts should be burdened with the lengthened retention of such monies.

3. The rule in the Revenue Department, under which Deposits are usually transferred after the lapse of twenty years, has special reference, it should be borne in mind, to items which are strictly private monies paid in at the Collectorate as Deposits in connection with transactions with the Collector, and not to monies originally charged to the State, but from circumstances unforeseen at the time the charges were made, or of other necessity falling temporarily into the Deposit Accounts.

4. If therefore sums charged to Government as for payment are not paid when debited in account, or within a reasonable time after being carried to Deposits, the expenditure should be resumed, unless specially exempted.

5. I shall feel obliged by your informing me of the execution of this duty as the revision is completed in each District, and it would also be advisable, it seems to me, that their Deposit Accounts should be revised by the Magistrates annually in April of each year.

TO THE TREASURY OFFICERS OF THE
LOWER PROVINCES.

SIR,—I HAVE the honor to advise you that it will not be necessary, in future, to repeat in the Miscellaneous Advances Statement, forwarded with your Monthly Treasury Accounts, the items of advances in full detail as is now done.

2. It will suffice, if the advances made *during the month only* are entered in detail, and the balance of previous items brought forward in aggregate.

3. A Quarterly Report, in the subjoined form will, however, be required, exhibiting in detail items which have been outstanding for three months

and upwards. On this Report, the instructions of the Accountant will be afforded in the Column provided for the purpose, when it will be returned for your guidance, and for any further observations you may have to offer.

4. This Circular is issued in anticipation of instructions that will shortly be communicated, in reference to the changes to be introduced under the Budget system, in order to your at once reducing the amount of your unadjusted balances to the extent practicable, that the Accounts from May next being free from items which may be difficult of adjustment, you may be unfettered in giving that attention to the new plans which they will demand.

5. You are invited to refer cases of difficulty to this Office without delay.

6. The change now made will have effect from the current month, and your first Quarterly Report should be furnished by the 15th May 1861.
